The **GARDA TRENTINO HALF MARATHON** invites you to TRENTINO, where SPORT and TOURISM are an inseparable pair and, if you have never been there, you will discover that you have made the right choice. If you have not been there for years, you will return and discover that there is nothing better.

In TRENTINO you will find what you have always looked for and discover what you need: the green world of woods, meadows and pastures; the blue pearls of the lakes; that unique and extraordinary combination; that offer inside a room, at the same time palm trees and ice, immersed in the tranquility and fun of the companies.
